Weston Bay LMG Lent Course 2010

“I Believe”

“I Believe”

Weston Bay LMG Lent Course 2010

So what *do* we profess to believe? What is the Nicene Creed all about and what does it mean to us? For many of us the answers are and can only ever remain in our hearts. The main thing is that we *believe*. During our Lent Course, the first full LMG venture together, we will explore some of the most basic questions about our faith, learning more, drawing closer to our Lord and to one another.

Every evening will begin with coffee at 7pm with a time to make acquaintance with members of the other churches in the group. Following a time of worship, there will be a time for listening and a time for sharing.

John Stott says “There is no such thing as a static Christian. The moment we think we know it all is the moment we start going backwards” Why not come along and give it a try?
